

Changes to your application at UngdomsboligAarhus

**There are new rules for your application
– here's what you need to know**

 **You already have an application – and it stays just as it is. Your housing wishes remain unchanged, and you keep your seniority.**

Creating an application

Before: You could create an application no earlier than 6 months before your expected study start.

Now: You can create an application as soon as you turn 17. It is no longer important when you plan to start your studies in order to join the waiting list and earn seniority. However, there must be no more than 6 months until your expected study start before you can move into a home.

"Active application" or "Standby on waitlist"

You can choose whether you want to have an *active application* or be *standby on waitlist*. If you had an active application before, you have automatically been moved to the application status *active application*. You can switch to waitlist under 'Edit profile'.

Active application: You can add housing preferences and earn seniority just as you always have.

Standby on waitlist: You can opt out of housing offers but still remain on the waitlist and continue to earn seniority. This is beneficial if you're not yet ready to search for housing or if you want to take a break from your studies.

You no longer need to reapply

Before: You had to log in to your application at least once a month to stay on the waiting list.

Now: You no longer need to reapply (log in every month) to keep your place on the waiting list.

You can turn down a housing offer 4 times

Before: Your application was deleted if you turned down or didn't respond to a housing offer 3 times.

Now: You can now decline 4 housing offers, but on the 5th time you turn down or don't respond, your application will be deleted, and you will lose your seniority. Housing offers through the housing guarantee still don't count.

To comply with data protection regulations, your application at UngdomsboligAarhus will be automatically deleted when you turn 36. You may contact us to request an exemption and retain your application. You can always log in and delete your application yourself.
